

AQUA GUARD

Product Description:

Aqua Guard is a **durable, waterproof acrylic coating with UV resistance and strong adhesion**, ideal for **pools, roofs, and walls**. It provides **long-lasting protection** against **water, weather, and chemicals** while maintaining breath ability.

Health and Safety:

- **Precautions:** Wear gloves and eye protection, ensure good ventilation, and avoid skin and inhalation contact.
- **First Aid:** Move to fresh air if inhaled, wash skin with soap and water, rinse eyes for 15 minutes.
- **Storage:** Store in a cool, dry place, away from sunlight and children.

Application Instructions:

- **Surface Preparation:** Ensure the surface is **clean, dry, and free from dust, grease, and loose particles**. Repair any cracks before application.
- **Mixing:** Stir the product thoroughly before use. **Do not dilute** unless specified by the manufacturer.
- **Application:**
 - Apply using a **brush, roller, or spray**.
 - Use **at least two coats** for optimal waterproofing.
 - Allow the first coat to dry completely before applying the second coat (**4-6 hours drying time**).
- **Curing Time:** Full curing takes **24-48 hours**, depending on temperature and humidity.
- **Cleanup:** Clean tools and equipment with **water** immediately after use.

Technical Details

- **Type:** Waterproofing and protective acrylic coating |
- **Color Options:** White, Blue | **Base:** Acrylic polymer (water-based)
- **Packaging:** Supplied in pails and gallons
- **Hold extreme water pressure up to 20 meters**
- **UV Resistance**
- **Breathability:** Allows trapped moisture to escape while maintaining waterproofing

Uses:

- **Swimming Pools** – Provides a **waterproof and chemical-resistant** barrier.
- **Roof Waterproofing** – Protects against water leakage and weather exposure.
- **Exterior & Interior Walls** – Shields walls from moisture and dampness.
- **Bathrooms & Wet Areas** – Creates a water-resistant coating.
- **Concrete & Masonry Surfaces** – Prevents water absorption and enhances durability.
- **Balconies & Terraces, Plant pots** – Ensures long-term

Quality & Durability:

Aqua Guard is formulated with **high-quality acrylic polymers**, ensuring **long-lasting waterproofing and flexibility**. It withstands **UV rays, harsh weather, pool chemicals, and structural movements**, preventing **cracks and peeling**. Its **breathable nature** allows trapped moisture to escape, reducing the risk of water
