

LIME WASH PAINT

Product Description:

Lime Wash Paint is a traditional, eco-friendly, breathable coating made from slaked lime. It provides a natural, matte finish that ages beautifully over time, making it ideal for both historic restoration and modern aesthetic applications. Lime wash penetrates porous surfaces, creating a long-lasting, antibacterial, and mold-resistant finish while allowing walls to breathe.

Health and Safety:

- **Precautions:** Wear gloves and eye protection, ensure good ventilation, and avoid skin and inhalation contact.
- **Storage:** Store in a cool, dry place, away from sunlight and children.

Quality & Durability:

- Breathable, allowing moisture to escape and preventing wall damage
- Naturally antibacterial and resistant to mold and mildew
- Soft, velvety finish that develops a patina over time
- UV-resistant and will not fade easily
- Becomes stronger as it carbonates with air exposure, ensuring long-term durability

APPLICATION INSTRUCTIONS

Surface Preparation

1. Ensure the surface is clean, dry, and free from dust, grease, or old flaking paint.
2. If applying over previously painted surfaces, remove non-breathable coatings for best adhesion.
3. Dampen the surface with clean water before applying lime wash to improve absorption.

Application

1. Apply with a wide brush in thin, even coats using crisscross strokes for texture.
2. Allow **12-24 hours** of drying time between coats.
3. For best results, apply **2-3 coats** to achieve depth and coverage.
4. Keep the surface lightly damp during application to prevent rapid drying and cracking.
